

# Plan Maintenance

Congratulations! You've worked through your Internet Safety Plan and now have a well-functioning, healthy tech environment established in your home. But since technology is ever-evolving, your Plan must as well. As you continue on in your journey, you can use this checklist to periodically evaluate your Plan and make adjustments as needed. Feel free to print this out or fill it out online.

Weekly

7

|                            |   |
|----------------------------|---|
| <b>News(letter)</b>        | Read the weekly Internet Safety newsletter, and/or look for new tech-related news to keep up with.  |
| <b>Relational Check-In</b> | Review the weekly relational check-in questions found in the <b>Relational - Check-In</b> document. |

Monthly

30

|                            |  |
|----------------------------|--|
| <b>App Usage Check</b>     | Review browsing and streaming service watch histories to make sure kids haven't found loopholes.     |
| <b>Relational Check-In</b> | Review the monthly relational check-in questions found in the <b>Relational - Check-In</b> document. |

Quarterly

90

|                               |   |
|-------------------------------|---|
| <b>Relational Talk Topics</b> | Review the <b>Relational - Talk Topics</b> document and discuss one or more of them with your family. |
| <b>Tech Environment</b>       | Review your Tech Environment document to make updates & add/remove new/old devices.                   |

Annually

365

|                            |   |
|----------------------------|---|
| <b>Plan Update</b>         | Work with Casey to address any plan updates or adjustments you want to see happen.                  |
| <b>Relational Check-In</b> | Review the annual relational check-in questions found in the <b>Relational - Check-In</b> document. |
